

## **The Best Practice of Ranaghat College (2018 -2023)**

### **Providing Health Services to Learners through Students Health Home**

**Objective:** Since healthy mind lives in healthy body, Ranaghat College has joined Students Health Home in West Bengal as a member, so that learners get medical facilities at a low cost.

**Context:** Students Health Home is an organization in West Bengal, which has been providing treatment to ailing students of schools, colleges and universities at a low cost for more than seventy years (since 1952 under West Bengal Society Act). The main office of Student health Home is situated in Kolkata. Ranaghat College is a member of Students Health Home and the college authority has been donating lump sum amount regularly for many years to SHH to avail medical facilities for learners at a low cost.

**Description:** Health is the propeller to keep man fit and active. It is highly desirable that students must have sound health to pursue academic activities. It has been always the effort of the members of teaching staff and authority of college to make learners develop healthy habits and provide them adequate assistance in the matter of health. From time to time, students are made aware of different aspects of hygienic issues through various lectures and programs. However, some learners often become sick due to some unavoidable reasons. Sometimes their illness become serious and they need to be treated for a long time in a reputed hospital. It is often found that the cost of treatment is very high and it is not possible for the family of the learner to bear the cost. In this situation, Students Health Home, an organization in West Bengal run by doctors and philanthropists, proves to be a boon. For this reason, the authority of Ranaghat College decided to be a part of the organization to provide assistance to learners during their sickness. A certain amount of donation is paid by college to the organization every year to retain universal membership of Students Health Home. On behalf of Students Health Home, various counselling programs regarding health and hygiene are organized at educational institutions, along with providing treatment to ailing students at a very low cost. The initiative of Ranaghat College to join Students Health Home has provided a lot of benefits to learners.

**Evidence of Success:** A few learners of Ranaghat College have availed the benefit of cheap treatment and sometimes without any cost offered by Students Health Home and recovered from serious illness with the assistance of the organization.

**Problem Encountered and Resources Required:** Sometimes the rush of the needy learners and the non-availability of certain kind of treatment have created problem. However, most of the time learners have got timely medical assistance from Students Health Home. The necessary fund and resources to remain associated with the organization have been made available by the considerate authority of college in the interest of learners.
